

## **'On Your Doorstep' Conference and Marketplace Event**

### **16th February 2016 - Rothes Halls**

#### **Morning Conference**

**9.15am – 1.00pm – Hall B**

The Self Directed Support team invite you to our 'On Your Doorstep' Conference and Marketplace Event. The aim of the day is to encourage creative ways of thinking about support provision - shifting the focus from funded services, arranged and provided by the local authority, to community resources, personal assets and strengths. We have 3 key speakers – Cormac Russell, Lisa Curtice and Alexander Warren, as well as an interactive drama from Suit and Pace and Speak Your Mind. In addition, we shall be launching our new community website 'On Your Doorstep'.

#### **Afternoon Marketplace**

**1.00 – 5.00pm – Halls A & B**

The afternoon drop-in event, also open to the public, will take the form of a community marketplace, bringing together local community supports, groups, clubs and activities which have been identified through our Community Mapping Project, as well as representation from private and voluntary sector organisations.

#### **Asset Based Community Development Seminar**

**2.30 – 4.00pm – Room 3/4 (upstairs)**

Cormac Russell will facilitate a seminar for practitioners in the afternoon with a focus on the role of asset based approaches and preventative work with communities.
